

GROUP CHALLENGE

**Have your group work together to read 10,000 pages this summer
and earn special prizes for your class!
(A group is defined as a team of 10-25 people)**

Help improve literacy and fun in our community by participating in the Summer Reading Challenge through the Joliet Public Library. When you partner with the library, we will provide you with lists of suggested books to read with each age group, reading logs and posters to track reading and build excitement, and a prize pack including coupons and prizes for each person in the participating groups.

In return, we ask that we be allowed to attend one staff meeting or training for your organization so that we can personally talk to the leaders of each group, encourage them to participate, learn about the benefits of summer learning, and offer them resources to help them add reading into the schedule. The presentation would last only 10 minutes. We also would share some ideas for events that we can offer to your groups for added library fun!

Sign up your organization or group by sending us an email at summerreading@jolietlibrary.org or giving us a call at (815)846-3118. We will provide each team with a log sheet and poster to fill in as they read individually and as a group throughout the summer. When your team finishes 10,000 pages, contact us to receive your prizes. All logs must be submitted by July 28th or earlier to earn prizes.
